New opening times for Vintage Rose Cottage - Bauple

Every Tuesday and the last weekend of every month. If any one wishes to come at any other time we just need a phone call on any one of these numbers…. 41292424, 0414964146 or 0427698329.

We also welcome groups such as gardening clubs, themed events, mother’s day or father’s day, birthdays, meetings. We just need some notice as to what is required.

On the last weekend of every month we will have plants for sale as well as some vintage items. Feel free to wander our gardens while you wait for your refreshments.

We are a small business giving it a go in our beautiful town.

---

Bauple unites!

All and sundry must be sick and tired of all the bad news in the world today. Even more so when the bad news extends down to your very own communities. Its not my desire to tear at old wounds so, for those not in the know, lets just say Bauple has had problems for a while now and this has prevented many wonderful and diverse people from participating in community life.

As many would be aware my deepest wish for Bauple has been for healing and a progressive, positive feeling to replace the bitterness that has enmeshed itself in this wonderful little village. So it is with a great sense of hope and pleasure to announce that fruitful initial meetings have taken place between the presidents of the Bauple Recreation Grounds and the Bauple Progress Association. These meetings have been designed to bridge some gaps and build some trust between organisations who have often been at loggerheads.

It is incumbent upon me to congratulate these groups for putting the past aside to work together for the benefit of the whole of Bauple and the wider community. While these are just baby steps for now, we must act to support positivity in our communities. With this in mind I would like to extend an invitation on behalf of the president of the Bauple Progress Association to their next meeting which will be held at the Bauple Recreation Grounds' Q150 shed at 2:30 pm Saturday 13th August.

This invitation goes to all Bauple and Hinterland residents who are prepared to work cooperatively and in friendship for the progress of beautiful Bauple.

EFTPOS & LAY-BY
Hi everyone and welcome to a chilly Bulletin. Glad to see it finally cooled down, it would be great to see the cool stay for a bit to make it feel like a real winter.

We are very busy at the moment getting ready for this year's Bauple Nut Bash. This year's theme is “Minions”. We have our Minata busy touring around Bauple at the moment so that he can see this beautiful town before the kids crack him open. He is a very happy little Minion and he is being very well behaved. If you see him out and about stop and say hello to him as he likes to have a chat.

On the day of the Bash everyone is invited to come along dressed in their best Minion outfits. We have food stalls, with the Bauple State School P&C doing the Burger stand, some craft stalls and plenty of other things to do and see. We have our Tug-O-War and our Nut Cracking championship happening as usual. Our main entertainment for the night is a local covers band called “The Shill”. It will be great to see them get up on stage and belt out some favourites that people love to sing and dance along to. Along with our usual entertainment like our famous fireworks and Ron Lacock and his Jet Truck. We will have plenty of food stalls as well as our Bar that keeps people partying through the afternoon. The afternoon starts at 2.00pm, and goes till late. So come along to the Bauple Rec Grounds on the 3rd September and have yourself a great country afternoon out in the sun. Kids rides are FREE as are the Tug-O-War and Nut Cracking competitions.

The Rec Centre is getting more work done on it as you read this. The men are building cupboards and Leanne is painting walls. It is a slow job getting all the work done with only a few hands to do it, so if you feel like you would like to help and have something to offer then feel free get in contact with Deb and she will let you know as to how you can help. The shed is slowly getting its inner face on.

We have had a couple of events this year, being a Tombola and a Disco and the Scouts Gymkhana. It is great to see the kids of Bauple using the facilities that we try and provide for them to do in a small country town. We have a few more dates to put on your calendar. Friday the 12th August is Family Night and then we have Bingo on the 19th August. These nights are a lot of fun and people that come along have a great laugh. There will be another Disco on the 29th Oct. Look out for the flyer.

The “Minion Disco” was a great night and the kids seemed to have lots of fun. We had a couple of little kids come dressed up as the cutest little Minions. It was great of there parents to go to the effort they did to give the kids the fun of dressing up. Lots of dancing and games were played. The food was great and the kids were well behaved.

We have had some great catering events and have a few more to come. People always talk about the quality of our food, service and attention that we pay to our customer requests. We always enjoy holding these events as we get to meet some new and interesting people. Often we get other events booked out of word of mouth, and the reviews are always great.

So take care for now and stay warm. Mary.

**Bauple Internet Kiosk opens**

The world is changing; services are heading online including banking, health & medicare, social welfare, centrelink, social media etc. The kiosk in Bauple is aimed at providing a facility for people to access these services online, stay connected; in a friendly relaxed environment. Whether you know what you’re doing, or need some help, the facility is now OPEN.

This i-Kiosk also offers
1) broadband for seniors - the training package has been secured by the BPA to help those new to computers, step by step learn how to use devices
2) English as a first language
3) JP services - Monday

Pat and Brian collectively have over 20 years experience training and educating people with technology. They are locals to Bauple so drop down and jump online this month.

The i-Kiosk is open **Monday to Friday 9am to noon.** It is located opposite Bauple Museum, in the Purple Building, entry via side verandah.

---

**Notice to residents,**
Forest View, Bauple.

I was told by a newcomer to the area that, over the past few years, people have been spreading malicious rumours that I/we are not to be trusted and run to the council to inform them of people doing things contrary to council laws. These people know who they are. We are not DOBBERS, we are too busy to worry about other peoples' activities, unless they ask for our help. We now have in our possession, 8 pages from Fraser Coast Regional Council Freedom to Information (information privacy application - 2015/16-025) dating back six years showing all our contacts with the council and at no time does it mention any person at all.

Fortunately people who know us know the truth.

These 8 pages dated from 2010 to May 2016 are available to be read.

Brian and Pat Davies,
87 Van Hensbroek Road, Forest View, Bauple.
Based in Burrum Heads, owned and run by Qualified Therapist, Peter Hughes. Uniquely tailored treatments designed to greatly improve your overall wellbeing. Our aim is to help you heal and be more aware of just how healthy you can be.

Will travel to Bauple/Tiaro area.

Like us on Facebook for more specials!
Well I’m back!! We have finally moved into our new home at Dundowran Beach to the sea side instead of the farm life. It’s a complete change of life style, but we do miss walking the paddocks and telling the cows all our highs and lows and they just moooood in sympathy, but we do miss all our friends down there in ‘Gootchie Land’ and around.

We are still very involved with the Bauple Museum and with CWA so we haven’t really gone anyway.

We have had a hectic few days with all Branch AGM’s, which we have been attending. Friday, Maggie and I went to our regular Petrie Gardens visit for morning tea and a natter or two, this month we had a few quizzes to test our brain power and mine is not much good compared to the ressies in there, they are as sharp as a tack. After Petrie Gardens we went across to the Bauple Band Hall to prepare and serve afternoon tea for Thellie Bradfords wake, expected 200 to be there, she was a wonderful and very well thought of lady.

The next day, Saturday, it was our AGM combined with Tiaro at the Gootchie Rooms, so it was afternoon tea again there. Julie Arthur chaired the meeting for us and the Tiaro ladies.

Our new executive are President: Lyn Kelman, Secretary: Amber Chapman, Treasurer: Maggie Mortimer, our two vice presidents: Delores Green and Jill Callahan and myself as International Officer. Sadly Grace isn’t able to come any more as she and Terry have moved to the sea side also down to Redcliff and Val is down at Beachmere.

Our next biiiiiig ‘do’ is our now famous Scrabble Contest held at our rooms in Gootchie on September 22nd so looking forward to seeing you there and be warned, Diana will possibly be there and trying to win the cup back again. So come along for a day of fun and laughter as we certainly aren’t serious about out spelling, enjoy a lovely lunch plus morning and afternoon tea,

So till next time take care on the roads, drive safe and be considerate of others.

ADVERTISING IN THE BAUPLE BULLETIN.
The Bauple Bulletin is a great way of getting your business advertised and seen by locals.

The cost of getting an add in is more the reasonable, $20:00 per addition or $100:00 per year when paid in advance.

You can receive the paper electronically if you supply the editor with your Email address. For more info contact Debbie On 41 292 243.
Bauple Scout Group News

Our Scouts have been busy with Bushcraft Constructions such as building fun things and stretches from poles and ropes. They used them during various First Aid activities.

The Cub Scouts have been practicing arm slings and First Aid procedures with cuts and burns.

To celebrate 100 years of Cub Scouting we went for a Pack Holiday on 30/31 July in the Bunya Mountains National Park. We had a fantastic time there doing a 10km hike, enjoying bush cooking and a visit to the local museum. It was a bit brrrrrrrrrrr at night but the companionship was very warm.

Welcome to Lori, she was invested as a Cub Scout on 28 July.

We always like new members, so if you are between 6 & 18 (or older) why not pay us a visit on any Thursday afternoon between 4:15 and 6:30 for a tryout.

For information phone Sandra 4129-2609, Leanne 0481-125-024 or Harmen 0466-187-803.

BAUPLE IS ALREADY ON THE MAP

Geocaching

A great way of seeing places that you would not usually stop at. Had friends stop at Bauple and were telling us all about the one in Bauple, curious, we decided to join Geocaching to see what all the hype was about. Wow!! Bauple you have had one since 2007. Who knew?

What is Geocaching? Geocaching is an outdoor adventure where players use a mobile app to find cleverly hidden containers around the world. Leave your user name and date in the hidden Geocache for the next person to find and off you go to find your next Geocache.

You will be surprised how many there are and where they are. Enjoy your Geocaching.

TIARO AND DISTRICT CHAMBER OF COMMERCE

ANNUAL REPORT 2015 – 2016 (in part)

We congratulate our new Division 2 Councillor Anne Maddern on her election and look forward to working closely with her for the benefit of the region. We appreciate that Anne has shown a long term interest in our Chamber and its District business.

Although the last Farming & Lifestyle Field Day was held in this financial year, I reported on it in my last report as I did not think the story of a record number of stalls and more than 4000 people through the gates could wait for another year. A large part of the success of the event was due to the advertising program planned by our own Toni Hume, together with the excellent program into which our committee members have major input. An executive meeting earlier this year with Tiaro Landcare agreed to more formal operational protocols. A joint committee with Tiaro Landcare has now been set up to organise next year’s bigger and better event, to be held on 8th July 2017. It is a must attend event.

We stole the march on the other regional Chambers by our initiative in promoting an Annual Bursary for a student from our district who is studying a business related degree with the aim of helping our tertiary students and encouraging better business for the Fraser Coast. We were proud to award our inaugural Bursary to local young lady, Georgia Dale, who is studying Agriculture Economics and Business at the University of Queensland,, Gatton College.

We have supported a number of local organisations with donations this year including - Tiaro and District Seniors Morning Tea, Gundiah Carols in the Country, Teebar Rodeo and Campdraft and the Tiaro State School end of year awards.
ASPERGER’S/AUTISM Support Group

Are you living with or have in your life an adult who has Asperger's/Autism?

Life can be lonely, challenging, sad, overwhelming and more.
We have a meeting once a month to share our problems, maybe find a solution from another carer-or just to know we aren’t alone.
The meeting is in a private room, without any experts-just people in a similar situation.

We meet next to Tiaro Library Forman Terrace Tiaro the last Wednesday in every month from 9am -12noon
If you are interested please come along or phone Pat 41939239 for more information

TIARIO MARKETS

2nd Saturday Monthly
Tiaro Memorial Hall
7am - 12noon
. Please contact Gail one week ahead if in you need insurance. Food and drinks available on the day.
Ph 4129 2237 or 0408782200 and leave a message. for info.

TAYLOR STREET COMMUNITY LEGAL SERVICE

The Taylor Street Community Legal Service is a non-profit community service which provides free non discriminatory legal advice to socio-economically disadvantaged people in the Fraser Coast, Bundaberg, North Burnett and Cooloola Coast regions.

All free legal advice sessions are by appointment only
Maryborough - Please call in to the Maryborough Neighbourhood Centre (25 Ellena Street) or call 4121 2141 to make an appointment
Burrum Heads - Please call 4194 2663 for appointment
Tiaro - Please call 4194 2663 for appointment

Advice is free and all consultations are private and confidential. However due to limited resources and time there is a maximum of 15 minutes for each consultation.

For further information about the Taylor Street Community Legal Service please call 4194 2663.

FRASER COAST HYDROPONIC GROUP

People interested in Hydroponic Gardening are invited to join us for a cup tea at 09.30am.

Contact Secretary Ph. 4128 0513
Our volunteer members are continuing to progress well with their training, recently Helena Gale held accredited First Aid course and two members of our brigade attended at the Bauple Fire Station training room along with participants from other areas. On the 23rd July some of our members attended a tabletop Group Training exercise afternoon at Glenwood Fire Station along with other volunteers from several other fire brigades from our local area, they carried our exercises to assist their knowledge of fighting fires efficiently, effectively and working with neighbouring brigades.

Two 4x4 Training days were held at Brooweena in May with 4 of our volunteers attending, they all reported that they had learned something from the experience.

The volunteer members of the brigade have managed to complete a few control burns over the past few months, with more coming up while the weather is suitable. This management of hazard reductions reduces the chances of having a major fire. We need to be aware of this danger to keep the areas around our dwellings cleared and our boundaries slashed.

If a permit is required for a hazard reduction burn or stacks, it is simply a matter of notifying your immediate neighbours/s before you contact the Fire Warden for a permit. These permits are free and are issued for a certain time frame, weather permitting. If the conditions change or you have something else that prevents you from using this permit in the time allocated, just ring for an extension of your permit, if the fire warden allows. Remember that a permit to burn is required for anything larger that 2 metres long x 2 metres wide x 2 metres in height and should be cleared approximately one to two metres around the perimeter of the area to be burnt, the permit must be in your hands before you light the match. Any fire less than 2 metres square does not require a permit, neither does burning of a carcass.

We will be having our meeting Monday 8th August and hope to have our Annual General Meeting on the second Monday in September 2016.

Thank You to our brigade members who continue to give up their free time for the community.

In an emergency DO NOT RING the FIRST OFFICER or FIRE WARDEN RING 000

C. Maxwell Brigade Secretary 4129 2391 Mobile 0417 003 234

‘We started by learning about 4x4 safety, the importance of using all 4 wheels on a fire ground to safely manoeuvre around without getting stuck. The Trainer went into details about different types of diffs and why we should drive on sealed roads in 4h, after this we mounted up went to a driving area and from there we started talking about things that can possibly stop us from going over obstacles and going up or down on great angles. Showing anchor points and explained why you should never use anything but the anchor points, we then went down to a wash out and we talked through the idea of what he wanted us to do and spoke in great detail about having the hubs locked in and in low range and just cruising through at a slow safe pace, we all run through the track numerous times to experience this. We then acted out a stall on the side of a hill which is - brake with no clutch and let stall - handbrake on - clutch in and gear in reverse -take handbrake off and slowly release the foot brake letting the gear stop the appliance - at this stage your sitting on a hill with your feet off the clutch and brake, the hand brake is off and your in reverse in low range. - turn the key, After turning the key the car will reverse under control of the gear to slowly return to level ground.

We then went and learnt about vehicle height and types of tyres and the better tyres for our job which is LT on the side of the tyre, which stands for (light truck) we then went back to the shed and we run through recovery with snatch straps and how to use the anchor points on our appliances. After that we went for a drive through the national park the drive was slow and controlled, we did do a hill climb one at a time in low range, first gear, once we got about 400m past the top we turned around and went back to the shed and finished for the day after a quick test on everything we learned on the day.’
ROSSENDALE TENNIS CLUB INC.

Hope everyone is enjoying the mostly mild winter we’ve had so far with just a few freezing days thrown in here and there! Spring is a time of new beginnings and hopefully for some - this could be the beginning of a new activity or sport. If you aren’t getting your 30 minutes of exercise per day and find it hard to get motivated, the chances are you haven’t played tennis for a while. Some of our players have been playing at the courts for over 30 years and are still enjoying the weekly ‘hit and giggle’. We are a social tennis club and we like to keep the games friendly. Come along to the courts at 7:00pm on a Friday night to meet the club members and join in the games for the night. We have tennis racquets available and the cost is minimal. If Friday night doesn’t suit you, don’t worry, just contact us to find out if another time suits.

The Term 3 Hot Shots/coaching for juniors began at the courts on **July 22nd** and will continue for 7 weeks. Contact Coach Matt Watkins on 0417 070 129. *Get Started* vouchers (available online from Dept of Sport & Rec.) are accepted to join the club and for coaching.

Courts are only $8 an hour for day hire and $12 an hour for night hire. To join Rossendale Tennis Club you only pay $30 for a year, $10 for juniors. This $30 gives you full player insurance, puts you in a monthly draw to win a $100 pack from Tennis Qld, gives you priority tickets to tournaments, and in our club you will have discounted court hire, discounted player fee on Friday night club night and access to the club ball machine. Lots of reasons to get out, get active and get started in a game you can play locally.

Rossendale Tennis Club began in 1935 and the courts and facilities are owned and operated by the club for the benefit of the community. **We really need some younger players to step up and become the players of the future.** We know you are out there. Give it a go!

The courts are located at 38 Bauple-Woolooga Road – just off the Bruce Highway and opposite the southern Bauple entrance/exit. To hire courts or for enquiries contact Secretary M-A Walters on 41292589 or Mob: 04 3837 4091 or email: mwalters198@gmail.com. Court Hire phone B & C Maxwell on 41 292391 or J & L Kelman on 41 293212

See you at Rossendale!
Mary-Anne Walters – Secretary

LIONS CLUB OF GLENWOOD & DIST.

18 Forestry Road, Bauple

New carers welcome
Local Members Report

BUDGET
I, and other Councillors, heard the message loud and clear that large rate increases were hurting our residents badly and to that end we have worked very hard to ensure Council has kept the collection of rates and fees down to a 1% increase (less than CPI) BUT at the same time the budget allows for the continuation of the normal work such as road maintenance and garbage collection, etc.

This year there has been a revaluation of site value by the Department of Natural Resources and Mines. All ratepayers should have received a notice from the Department. For residential properties on the minimum rate, the increase in rates is 1%. For properties not on the minimum rate, there are generally changes in the rates depending on the change in valuation. Where valuations have gone up, the increase in rates can be more than 1% (not many properties are affected) and where the valuation has gone down, rates will have decreased (significantly more properties affected). The majority of residential landholders will see a 1% increase only.

CAPITAL WORKS
In Division 2 the budget also allows for capital works programs such as upgrades to Schultz Park and Woocoo Park in Tinana, park equipment in Tinnanbar and Maaroom, walking tracks in Tuan, Maaroom, walking track/sporting equipment for Boonooroo, some drainage works (Sanderling Drive) Poona, road construction at Arborsixteen Road at Glenwood, Bauple Drive and Mackellar Street at Bauple, upgrade to the RV facility in Tiaro, some cycle ways and paths and major upgrades to the Teddington Weir water treatment facilities.

LAND PROTECTION OFFICER
Both James Hansen and myself supported by the mayor lobbied for an increase of $100,000 in the budget for agricultural issues. This increase will give an additional Land Protection Officer to assist with the management of noxious weeds such as Giants Rats Tail grass.

INNOVATION HUB
The budget has set aside $600,000 for the development of an innovation hub in Maryborough. We are clearly hearing the need for Council to support and assist business to develop and grow so that we have increased employment. The Hub will be designed to allow the development of fresh ideas, taking them through to a practical business, supporting and mentoring existing business and supporting the set of new business.

Until next time, keep well and safe.
Anne Maddern

TIARO QCWA & Community news

Saturday, 6th August, starting at 2pm, the Tiaro CWA is holding their International Day Afternoon Tea, in the CWA Hall, 35 Mayne Street, Tiaro. Everyone welcome, come along and enjoy the foods of Greenland. Contact Gail Warwick Ph.41292551.

Tiaro CWA are holding the Hoy--Tombola on the 10th August in the CWA Hall, starting at 11am. Lunch is provided, great gifts, and much laughter and fun to be had by all. Everyone welcome, hope we see you there. Contact Gail Nancarrow, Ph. 41292237.

Tiaro Markets and the Arts and Crafts are on again this year at the Memorial Hall on the 13th August, Markets start at 7.00am, and the Arts and crafts kick off at 9.00am. Come show your hobbies, or bring your stall for the markets. Everyone most welcome. Contact Phil Grimwade Ph. 41292490

Tiaro District Community Centre's next Meeting is on the 15th August, at 6pm in the John Horrex Room. Your membership fees for the year 2016 -2017 are now due. The TDCC Annual Meeting will be on the 19th September, at 6pm. Contact Gail on 41292237.

Tiaro Broadband for seniors, having been instrumental in Bauple receiving BFS and Brian Davies now having this Kiosk to oversee, Tiaro is calling for Volunteers. The only requirement needed is a Police Check to be done at a Police Station, and a love for helping others learn computer skills
Ancient lineages

Genetics. It sounds such a boring topic, but Dr Dan Schmidt from Griffith University captivated everyone at our July Landcare meeting. None of us knew anything about the subject and we all came away super fascinated by what genetic analysis can tell us about life. We learnt that the Mary River is a genetic biodiversity hotspot and overall its fauna has a very low genetic diversity. Dan explained that scientists look to see how organisms relate to their environment. His laboratory uses DNA as a technique to understand this relationship. The lungfish is one of the most ancient of living species. Scientists have mapped its evolutionary history or phylogenetic tree (like a family tree). They had to go back 250 million years to find its closest living ancestor. Sure there it may have had ancestors since that time, but they have all become extinct. What a survivor.

He said the population of lungfish has distinct gene pools, the Burnett, the Mary, North Pine River and Tinana. This set everyone thinking how could the Tinana creek population be distinct from those that live in the main trunk of the Mary. The Mary River turtle also has a very ancient lineage with the second oldest lineage of all Australian turtles. Only the Fitzroy River turtle has a slightly more ancient lineage. Dan’s laboratory is analysing the gene pool of the Mary River turtle and although the sample size they are working with is so far too small to make a definite decision, it appears as though it could be the same as the lungfish with a distinct gene pool in Tinana creek.

Through funds raised by donations, selling chocolate turtles and other merchandise, Tiaro Landcare donated $5,000 to Dan’s lab at Griffith University which was the seed funding for them to apply for a much larger grant to do this research.

I’m sure you’ll be pleased to hear that planning is now underway for the 2017 Tiaro Farming & Lifestyle Field day. It is being planned for Saturday 8th July. Updates will be posted on the Field day facebook page. At this stage we are looking for volunteers with skills in any aspect of promotion, advertising, sponsorship and information technology. See Toni at B & H Rural to find out specific details.

We will be having a farm walk instead of our August meeting, to see how a local family have successfully combined timber production and beef cattle for generations. Meet at Landcare House (near the Bopple Surgery) Tiaro at 2.00pm Sunday 14th August.

You would be most welcome to join us at this or any other of our monthly meetings or activities.

Marilyn Connell
Secretary, Tiaro & District Landcare Group

Mary River turtle project – Tiaro Landcare
Mt Bauple & District Museum – Your Museum’s Story

Up to 1995, no real attempt had been made to properly research and record the early history of the Tiaro Shire. In 1995 the first real attempt was started to accurately record this interesting early history, which is typically early Australian. Mrs Lillian Coyne set upon the mammoth task and then approached Alex and Daphne Mackellar. With their help, and help from other long standing Tiaro Shire residents, a huge amount of photographs and records were gathered from families of early settlers.

Offers of assistance from the community both financially and in man-hours resulted in the incorporation of The Mount Bauple & District Historical Society on the 19th November 1998.

Such a huge quantity of memorabilia now collected outstripped the Society’s resources and suitable accommodation to securely and safely house the photographs, family histories and memorabilia was required. Society members conceived the idea of acquiring land in the centre of Bauple and identified a disused road reserve, on which to erect a suitable building. To enable the Society to give back something to the community in appreciation of their tremendous support it was decided to transform that part of the land not required for the building, into a landscaped public park with public toilet block, BBQ’s, tables and chairs and a children’s playground.

The building was officially opened by the Governor of Queensland Major General Peter Arnissonon on 24th February 2001.

In 2001, the Society received the Cultural Award during the Australia Day Award ceremony.

Today, the gardens have been established, public toilets, children's play area, BBQ’s and covering sheds plus tables and seating have been installed, all of which are available free of charge to the public, travellers and locals alike. The Museum holds a fine collection of memorabilia, photographs and artefacts from pioneering days to the present. The Military section pays tribute to local ex servicemen from all wars and has a large collection of reference material.

A visit to the Museum will delight young and old alike.

The society’s Annual General Meeting will be held on Tuesday 16 August commencing at 7.00pm. The Community is invited to attend.

Why not become a member for only $10 per family and really get involved in your District’s history.

The main order of Business will be :-

- Presentation of the previous AGM for 2015
- Presidents report
- Treasurers report
- Auditors Report
- Electing Members of the Management Committee for 2016-2017

Appointing an Auditor for the next AGM 2017

Nominations for the following Offices are open and Forms are available and should be placed with the Secretary no later than 2 weeks prior to the AGM date.

President
Vice President
Treasurer
Secretary
Committee Member
Committee Member
