Dear Parents/Caregivers

On Monday, our school underwent a Teaching & Learning Audit and a Discipline Audit. We scored highs and outstandings in 8 domains of the Teaching & Learning Audit. I will report our Commendations, Affirmations and Recommendation to the P&C at the next meeting (17th Sept) as well as attach them to our weekly newsletter. The total report will be uploaded to our website www.baupless.eq.edu.au

Our Discipline Audit saw us achieving highs with the exception of one little medium. This report will be placed on our website as well.

I am so proud of our students, staff, parents and community members.

CONGRATULATIONS to Reece Horvath for his efforts at Wide Bay Track & Field trials. Reece will now compete at state level. Well done also to Joshua and Brok for their efforts on the day.

Bullying has raised its ugly head again at our school. What does that mean? Presently we have a number of students threatening other students. Over the last 2 weeks, it has been ‘he said, she said, she said, he said’ situations. It has been extremely difficulty with the investigations, as witnesses can’t/won’t recall the whole recount of the event. Tell your children, to have the confidence to tell their story.

A bully’s strength comes from silence!

After School
All students are to be in the front playground so the teacher on bus duty can supervise without the stress of students moving in the outer areas of the school.
All students accompanied by parents who are having a chat need to be with their parents not running around the school grounds.
We welcome parents using our grounds as an area they can network with other parents and their children must follow the school rules whilst in the school grounds.

Parent Interviews:
Interviews begin this week. It is not too late to contact your teacher for a parent/ teacher interview. Please contact the school for another preference sheet.

“Man was created as a being who should constantly keep improving, a being who on reaching one goal sets a higher one.”

In The Classroom

PY – 2 News

The construction of science dioramas began yesterday. Preps are doing a model to represent a kind of weather, Year 1s are doing a model to represent day or night and Year 2s are doing a model to represent one of the resources on Earth. Students have been very self-directed during this task. They will share their creations when they have completed. Our story this week has been, “Lester and Clyde”. This book has a strong environmental message and has also provided a stimulus for our English learning about narratives. We have been plotting the beginning (introduction), middle (problem) and end (solution) to stories.

PRE-PREP starts next Thursday, 12th September. Pre-prep students will spend a morning at Bauple (9am to 11am). They will have a tour of the school and classroom and then participate in some activities with Mrs Chin in the classroom. A small snack should be sent along so students can have fruit break while visiting. Parents are welcomed to join us. Please see me if you have any questions or know of any pre-preps in the local area.

It was a positive experience having the auditor visit us on Monday. Students were able to speak to him about things they liked about Bauple. Some of their answers included, “we like learning, our teachers, playtime, the fun things we do”. It was great to see students speak confidently about their school. Parent interviews commence today. I look forward to speaking with you over the coming weeks. Please see me if you have not yet arranged a time but would like to catch up about your child’s progress.

Enjoy the remainder of the week.

Mrs Chin

2 – 7 NEWS

Years 4, 5, 6 and 7 have begun their assessment task for this unit. They are writing a letter to a person who will living in 2059 informing them what it is like to be a child in 2013. Students from Years 2, 3 and 4 have spent time looking for and finding the goose that laid the golden egg. They showed they have great imagination.

This week the upper school are using formulas to find the perimeter and areas of regular 2D shapes. Mrs Booth’s class are continuing to improve their knowledge of addition and subtraction using carrying and trading.

In Science the upper school students are completing the unit about natural disasters. The construction of their volcano is completed. They will be “erupting” them on Wednesday afternoon. All students have been invited to watch the eruptions. Years 2, 3 and 4 have been rock detectives this week. They have been viewing different types of igneous, sedimentary and metamorphic rocks.

In SOSE all students have studying the diversity of people in Australia and other societies especially the Chinese. The time period is from 1800 to Federation.

This Friday 20 students will be travelling to the netball courts in Maryborough to compete in the small schools Netball Competition. GOOD LUCK EVERYONE.

Ruth Curry
What a great turn out we had at the Tombola on Friday night. It was a great success and with that I would like to say a huge thank you to everybody who was involved in this event. There are too many to name, but they know who they are. I would also like to thank the local business and people who donated prizes for the evening. **THANK YOU**

We have our **Federal Election B.B.Q.** this Saturday, so don’t forget to grab a snag from us while you are up there. We will also have a cake stall, choconuts and soft drinks for sale. Donations of cakes, slices or biscuits would be greatly appreciated. Please bring them on up. We will also be lucky enough to have a fresh Seafood van on site. So if you’re interested in getting some fresh seafood, come have a look – CASH only, no EFTPOS.

Our next meeting

Thank you sherry
