Dear Parents/Caregivers

LEARNING, RESPECT, SAFETY, COMMUNICATION, PROBLEM SOLVING AND PROPERTY
These are our school rules.
All students are expected to follow these rules without question.

We send our children to school for an education.
‘Reading, Writing and Arithmetic’
As the salesman says ‘but there’s more’

A child’s first teacher is their parent/s, then comes a Daycare mum or Kindy or a Daycare centre.
All children have rules to follow as we do as parents.

Formal schooling is exactly the same, there are rules in which students must follow, there are rules parents must follow and there are rules that teachers & principals must follow.

Principal Award: Georgia – Rose Smaldon: for her demonstrated work ethics. Well Done Georgia-Rose!!

Staff Changes:
As of last Friday, Mr Oulds was transferred to Tinana State School. These transfers can and do happen from time to time. I can remember I was transferred from Labrador State School to Robina State School this time 20 years ago. It was a positive change in my career (I wouldn’t be doing what I love doing now). We wish all the best to Mr Oulds at his new school. Mrs Curry will take over the 4-7 class until the end of Term 4.

P&C Fundraising Events
Over the next couple of months our hardworking P&C will be holding to fundraising events.
A Tombola on 30th August - it would be appreciated if parents could donate an item or more for this event. All donations can be handed in at the office.
The Tombola will be held at the Q150 Recreation Shed Bauple.

Federal Election will be held on 7th September and our P&C will be hosting a stall with country cooking, maybe a raffle or a hundreds board. If there is any parent/caregiver /community member that could donate to our stall; it would be so appreciated.
We will be holding a sausage sizzle. $2/sausage. $2.50/sausage + onion.
Tiaro and District Art and Craft Show: Saturday 10th August
Come along and support our school’s entry in the annual Tiaro and District Art & Craft Show. We are having a colonial theme; this is supporting ‘History’ being added to the Australian Curriculum. Our school implemented this new curriculum through our C2C History Unit of Work.
We will be showing our photography and our glad bags outfits which students have designed and made for their SOSE/TECHNOLOGY assessment task. There will be some other colonial art work from the P-2 classroom. Both classrooms will be displaying a few indigenous art work.
Our students should be very proud of their work!!!!!! We will share photo in our next edition of our newsletter.

HEADLICE
Headlice is everyone’s business and the school is not the only place where you may attract these little bugs. Your own household hygiene practice, your own work venue, extended family, friends from a different location, doctor surgery, hospital waiting room, weekend sports events are to list some other venue where head lice can be contradicted. The school is just one place not the only one!!

These little bugs are back. I ask all parents to be vigilant to check and treat your children’s hair.

Remember some facts: A metal comb and conditioner is one way and our P&C are selling an electric comb for ??????
1. Lice can hold their breath for 30 min when immersed in water
2. Lice will suffocate when immersed with conditioner (cheaper the better)
3. Lice can go 72 hours (3 days) without a blood feed
4. Place all stuffed toys in a dark plastic bag for a week (this will starve the little bugs)
5. Put all bedding in the sun or the dryer – if you can’t do this in Bauple and have transport take your bedding to a Laundromat in Maryborough/Gympie.
6. Spray your mattress (both sides) with an insect spray – Baygon is the best – if you can’t put it in the hot sun.
7. White dots are eggs that have hatched. Black dots are unhatched eggs and they are the ones we need to take out of the hair.

Any parent who wishes for the school to help, please contact my mobile 0414804171 or come to me in person. I am more than happy to demonstrate how to eradicate lice from a child in need. This can be done privately and confidentially.

Parent Interviews
During Week 9 you will be invited to participate in a face to face interview with your child/ren’s teacher. During this interview they will discuss the entries in the Data Book, report card, diagnostic test results and generally how your child/ren is going. I urge all parents to take up this opportunity and if you cannot make a face to face there is always a telephone interview at the convenience of both parties.

SCHOOL PHOTO DAY
Attached to this newsletter is the order form for Class Photos. Please return it to the office before hand or definitely on photo day – Wednesday 13th August. All students must be in Bauple uniform.

Be Safe, Be Happy
Susan Booth,
Principal
Students have been working on their oral presentations during English time. This forms part of our assessment and requires students to talk about a character from a known story and an event/emotion felt during the story. In History we have been discussing significant events from our personal/family past. We have been viewing photographs to identify possible significant events we may experience. For example, weddings, birthdays, special holidays. Some of our artwork has been related to yesteryear and past events. Some of this will be showcased at the Tiaro art show this weekend. In Science we have been learning about the valuable resource of water. Year 1 and 2 students have been learning about ‘groups of’ and multiplication.

It is nearly time for our Pre-prep Transition Programme to commence. Please let us know if you have or know of any local pre-prep students (born between 1 July 2008 to 30 June 2009). Invitations and more information will be delivered shortly.

Enjoy your week.
Mrs Chin

2 - 7 News   This is assessment week for English. Years 4, 5, 6 and 7 are analysing a short story. Years 2, 3 and 4 are writing a chapter which could be added to the story “Fantastic Mr Fox.” In Mathematics the Years 4, 5, 6 and 7 are sliding, flipping and turning shapes. They have used 2D shapes to develop a pattern tessellating the shapes. Years 2, 3 and 4 are learning about fractions.

We have combined Technology and SOSE this week. All students have designed and created a costume using garbage bags. A display of costumes, photographs taken during ICT lessons, dioramas of the settlement of Australia, artwork and a pioneer hut will be displayed at the Tiaro & District Art & Craft Exhibition on 10th August.

We wish all our athletes “GOOD LUCK” on Friday.

Have a good week.

COMMUNITY NEWS

GET STARTED Program
Just a quick reminder about the Get Started program which assists children and young people (from five to under 18) who can least afford it to join a sport or recreation club. Through the program, eligible children and young people are provided with a voucher of up to $150 to help pay for club membership and/or participation fees. These can be redeemed at a sport or recreation club registered with the program.

To apply for a Get Started voucher you must first register for a QGrants account. You can create a QGrants account at any time. Just click on the hyperlink below to register your child for a Qgrants account.

https://qgrants.osr.qld.gov.au/QGREGISTER(bD1biZjPTQwMA==)/Registration.htm

Parents/guardians/carers will able to apply for vouchers in the second round of funding from 10am Monday 15 July, 2013.

As there is a set allocation of vouchers for each round (two rounds per year), the vouchers will be distributed on a first come, first served basis. It is, therefore, highly recommended that people wanting to apply for the voucher do so as soon as possible when the process opens next week.
