Dear Parents/Caregivers

Last week, we welcomed Jasper (Yr 3), Phoenix (Yr1), and returning students, Bryce (Yr4), Jacob(Yr3) Latecia (Yr 5) and Jacob (Yr7). We now have enrolment of 77 students – one off a 4th teacher to be employed.

Over the next 5 weeks the teachers including myself will be attending face-to-face workshops in Gympie and Hervey Bay. They will also be studying for 20 hours online (in their own time). The topic is “Dyslexia and Significant Reading/Literacy Difficulties”. This workshop will not qualify the teachers to diagnosis. It will update the teachers’ skills their understanding and strategies ensuring these students have every opportunity to achieve.

Classroom Behaviour

It would be appreciated if parents could speak with their children about appropriate behaviour in the classroom. We have a number of students in the 2-7 classrooms that like to disrupt the learning of their class mates. Today, some students received 1 day internal suspension for the continuous inappropriate behaviour in LOTE in yesterday’s lesson. The students will be writing a letter of apology to Frau Olds for their inappropriate behaviour and parents will be expected to sign the letter; to note that they are aware of their child’s behaviour in LOTE lessons.

THEEBINE & DISTRICT Sports Carnival – 19th July

This term the students will be participating in Theebine District Sports Day (Friday 19th July - Tinana Oval). This is a school day. It is expected that all students attend and participate in the War Cry, sprints and other events (if they qualified). Students are expected to be in full school uniform. The buses will be leaving 8:30am sharp and they will return by 3:00pm for the normal afternoon bus run.

Iron and Clay Concert - 7th August. This is a free concert for our students.

Report Cards were sent home on Monday 15th July. If your child’s teacher has indicated they would like an interview please make yourself available for a face to face interview or a phone interview.

SCHOOL OPINION SURVEY

Each year, Education Queensland undertakes a survey of parents/caregivers, students and staff to gauge their satisfaction with important aspects of schooling. This year all parents of Bauple School will receive a survey, and I hope you will take a few minutes to complete the questionnaire using the form attached to this week’s newsletter.
Your response is completely confidential. The confidentiality envelope remains sealed and forwarded to an external contractor where your responses will be scanned and the school’s data forwarded to the central office of DETE for analysis.

Please complete the questionnaire and return to the school in the envelope provided by 29th July. If you have any questions or concerns about the survey, please contact the school. You may wish to respond online. Details are on the survey form, but please advise the school office that you have completed it online.

“What will your children remember? Moments spent listening, talking, playing and sharing together may be the most important times of all.” -- Gloria Gaither

Be Safe, Be Happy
Susan Booth, Principal

In The Classroom
PY – 2 News

Students have returned to class routines and been actively participating in learning activities. We have been exploring characters and emotions via picture books. Students have been looking for clues in the text and in the pictures to determine how a character might be feeling. They have been discussing times when they have felt similar or been in similar situations. Most students have been responding well during these experiences. Last week during math time we were looking at measurement. This involved using balance scales, rulers and informal units of measurement such as paddle-pop sticks, pencils, and blocks. You could help your child with measurement at home by having them assist with cooking (e.g.: 2 tablespoons), having them measure things with their hands or pegs (e.g.: how many hand spans/pegs) and the Year 1 and 2 students could also practise using rulers.

Sharing time has commenced. Speaking and listening skills are an important skill to develop in the early years and it is great to see most students regularly participate. I apologise for the mistake I have made with dates on the roster. This week is an even week - Week 2 (15 Aug), next week will be an odd week - Week 3 (22 Aug). Please see me if you are unsure. Parent helpers were also welcomed back to our classroom this week.

We are looking forward to Theebine Sport’s Carnival in at Tinana on Friday. Please ensure students come to in full uniform with all items named (including hats, jumpers, bags, lunch boxes and drink bottles). Students will need to carefully listen to adult instructions on the day as there will be events for them to participate in. Any parent helpers on the day are appreciated to assist our junior students be in the right place at the right time and manage the day. Please see me on the day if you are able to assist. We look forward to seeing many of you there on the day.

Enjoy your week!

Jessica Chin

WEEKLY AWARDS

Students of the Week
Back Row: Jesse, Isabella, Storm, Layne
Front Row: Coen, Jasper, Felicity, Liam

‘Doing the Right Thing’
Liam & Jake
Yesterday we had our meeting for the month, if you are interested in joining the P&C please come along or see myself or Leanne to get a membership form.

Thank you to those families who have supported our school by ordering their lunch through the tuckshop for sports day.

We have our Father’s day stall coming up in August. If you can donate anything towards the stall that would be great, we will also be having a TOMBOLA on the 30th August so if you can help out it would be greatly appreciated; either helping on the night or donating a little something. The more we have the better the night and more chances to get a prize.

TUCKSHOP ORDERS
Please make sure you tell your children to put their orders in before the bell goes in the morning. We have had a lot of kids walking up to us at lunch with an order that they should have put in that morning, and these children are in the higher grades they should know what to do by now.

LUNCH ORDERS IN BY 8:45 AM

Thank you
Sherry

Basketball Season Commencing
JUNIORS: Signon – Friday 19/07/2013. Games start Friday 26th July 2013
Email Senior nominations to speechlanguagesolutions1@gmail.com or through website email admin@maryboroughbasketball.com.
Adults also welcome to sign up for Seniors Competition on Junior Signup days also. Enquiries phone Maree Best – 04483 22255
**Tiaro First Responder Group meeting**

A meeting will be held at the Tiaro Community hall at 5:30 pm on Thursday 22 August 2013. The Queensland Ambulance would like to gauge Community interest in the establishment of a Community First responder group for the Tiaro area and will have a representative there to discuss the concept and answer any questions. For additional information please contact the Officer in Charge Maryborough QAS on 0741216140.

**Family Portraits!** Help Tinana Kindergarten and Pre-School’s fundraiser on August 11th to support our students. AdvancedLife’s professional photographers will provide you with a Family Portrait for only $20. For $20 you receive a professional 10” x 13” Family Portrait (in colour OR black and white) PLUS a bonus key-ring with your family photo inside. 100% of the money raised from the day goes to Tinana Kindy. Please email Stacey Ryan at tinanakindy@bigpond.com or Phone Monday, Wednesday & Friday’s ONLY on 4122 3608 to book your appointment before they are all gone! Payment is required to secure your booking. Check out our event on Facebook by searching Tinana Kindy Family Portrait Fundraiser!!

**BAUPLE RURAL FIRE BRIGADE – OPEN DAY**

The Bauple Rural Fire Brigade wish to invite you to their fire station Open Day to be held on Saturday 27th July from 11am to 3pm.

On the day we will be having a sausage sizzle for lunch along with information to share with you.

We are holding a colouring competition in conjunction with the Bauple State School children, which will be on display on the day.

We would like you to come and see our new training room and fire station.

For any enquiries please contact Secretary, Carolyn on 4129 2391.

Helping with maths

Mathematics learning involves a mixture of learning facts, understanding concepts and ideas and solving problems. Writing, discussion and group or cooperative activities are important components of learning mathematics. While the way children learn is perhaps different to many parents’ experiences of school, the content and ideas are similar. Parents can best assist young people with mathematics by helping them understand that maths is a part of everyday life rather than something restricted to the classroom. Make the most of everyday situations to help your children develop an understanding of maths.

Bright ideas

Help children learn concepts and facts through real life situations. Cooking a meal or a trip to the supermarket involves a variety of mathematical concepts, for example:

- ‘You just cut that orange into quarters. How many quarters would there be in two oranges?’
- ‘The train will be here at four o’clock. How long do we have to wait?’

Encourage children to estimate length, weight, time, volume, temperature and other concepts of measurement, for example:

- ‘How many kilos of wood can fit in that wheelbarrow?’

Develop children’s mathematical vocabulary by using correct units of measure, such as kilograms or degrees Celsius, correct names for shapes and correct terminology for processes such as adding and multiplying.

Develop children’s mathematical knowledge by talking about real life maths ideas as they arise, for example:

- ‘That bowler spins the ball almost at right angles…’

Help children learn multiplication and number facts in fun and interesting ways, for example:

- ‘Six spiders are wearing shoes. How many shoes altogether?’

Help children develop a positive attitude to maths based on the notion that mistakes are permissible.

Encourage children to record information in a variety of ways including graphs, pictures, stories and number sentences (equations).

When explaining or helping children to understand concepts use practical examples whenever possible.
