Dear Parents/Caregivers

I am looking forward to seeing lots of parents and community members at our P&C Tombola on Friday Night. I will be calling the numbers, looking forward to a great supper, lots of giggles and laughter.

Principal Award: Coen Mahoney, Melody MacFarlane, Jake Wood, and Maya Reid Bradley & Kurtis Bethune

These children demonstrate good manners at all time.

Good Manners will always get you through life.

Head Lice:
Yes, these little critters are beginning to come back into our school. I ask all parents to be vigilant as the personal hygiene of your child/ren is your responsibility. We know that you can contract head lice from anywhere where there are people.

Children do not always contract head lice from school.
I am grateful to the great parents who do everything they can to eradicate lice from their children and their homes. I am aware of some parents who don’t.
My concern is that some parents are using malawash and some products containing maldison. These products are not for human use.

Please refrain from using these products as they are poisoning your children. This information has been given in case parents are not aware of the seriousness of these practices.
P&C Father’s Day Stall – Thurs 29 & Fri 30 Aug
The stall will be open each afternoon from 1:45 until all students have been through. Students can have a look on Thursday and bring money in to buy on Friday.

P&C Tombola this Friday Night – Q150 Shed
Doors open at 6:30pm. The night starts at 7:30. There will be a light supper supplied. Thank you to the parents who have sent in donations for the Tombola. Please continue to send in the donations – it all helps. All donations can be handed in at the office.

Parent Interviews:
Next week our parent interviews begin. Please fill in the interview sheet and return to the classroom teacher ASAP so a confirmation note can be sent out. All siblings will be put on the same day to make the interview process flow. If you cannot attend a face to face interview; our teachers will organise a phone interview at your convenience.

WANTED
Egg cartons, shoe boxes or ice cream containers are needed for the Tombola this Friday. If you have spares please send to school tomorrow or Friday.

LABOUR DAY PUBLIC HOLIDAY
Monday 7th October will be the Labour Day Public Holiday. Term 4 commences Tuesday 8th October.

“Don’t let yesterday take up too much of today.” - Will Rogers, humorist

Be Safe, Be Happy

Principal

In The Classroom
PY – 2 News
This week we have been studying the picture book, “Shutting in the Chooks”. We have identified the characters, setting and major events. We are also inventing other events which could be included to this narrative. Students have been contributing some very creative ideas. During Science time we have continued talking about resources and conservational issues. We have been looking at various landscapes and identifying man-made versus natural features. Local heritage and past events has been a focus during our History lessons. Assessment tasks will soon be commencing for History and Science. Shoe boxes and other large boxes (e.g. cereal boxes) would be greatly appreciated for some of the tasks ahead. These can be brought into the classroom.

Yesterday an invitation for parent interviews was sent home. Please complete and send this back if you would like to schedule a meeting time. Confirmation letters will be sent home later this week.

Our first pre-prep morning will be Thursday the 12th of September 9am to 11am. We look forward to our new pre-preps coming to visit and being part of this transition program.

Enjoy the remainder of the week.
Mrs Chin

2 - 7 News
Years 4, 5, 6 and 7 have studied diary entries this week. They have been exposed to literal and inferences of text. Students from Years 2, 3 and 4 are publishing their assessment task and their written procedure for their Glad Bag costume.
In Mathematics the upper school are improving their knowledge of common fractions, decimal fractions and percentages. Students have been finding the percentage of numbers using calculators. Mrs Booth’s class are reading simple maps to find the location of a variety symbols. They have been learning about direction as part of their learning experiences.
In Science the upper school students are learning about volcanoes. The construction of their volcano will be completed this week. Next week we will be “erupting” their volcanoes. Years 2, 3 and 4 have begun a unit on heat, its use and the effects of heat.
In SOSE all students have studying the diversity of people in Australia and other societies especially the Chinese. The time period is from 1800 to Federation.
